

ENGINEERING PACKAGE ORDER FORM

This form is used for ordering a certified stamped drawing package or drawing package with calculations. This package may be required to obtain a building permit. Each engineering package will be wet-stamped and signed by an engineer or architect licensed in your state. Check with your local building permit official to determine if calculations are required.

Owner Name: _____ Address: _____

City: _____ State: _____ Zip Code: _____ County: _____

Daytime Phone: _____ Fax Number: _____ Email: _____

Purchased From: _____

Structure Size and Information

Building/Carport Dimensions: W _____ L _____ H _____ Tube Size: 2" x 2" _____ 2" x 3" _____ 2" x 4" _____

On Center Frame Spacing: _____ (If all trusses not on same spacing, please note.)

Truss Brace: None _____ Collar Tie Only _____ Standard (Collar tie w/ vertical brace) _____ Web Brace _____

Sheet Metal Panels: Roof Vert. _____ Roof Horiz. _____ Sides Vert. _____ Sides Horiz. _____ Open Front _____ Open Back _____

Foundation & Anchoring: (Choose one of the following)

4" concrete slab with 6/6/10/10 WWF and a footing 12" wide x 12" below grade or to frost line with Concrete Wedge Anchor _____

Concrete piers with 30" Rebar anchors _____ with Concrete Wedge Anchor _____

Concrete Strip Footing 12" wide and 12" below grade or to frost line with Concrete Wedge Anchor _____

Other: Describe _____

Garage Door Openings in Gable End: Number of doors _____ Size of doors _____

(Note: Standard Front Enclosure includes 1 or 2 Garage Door Opening(s) centered. Any modification to enclosure, see Additional Costs below.)

Walk Doors: Number of doors _____ Size of doors _____ Windows: Number of windows _____ Size of windows _____

****Attach a sketch to show location of all doors and windows****

Contact your local Building Department for the following information:

State Building Code: _____ Wind Load: _____

Ground Snow Load: _____ Wind Exposure Level: _____

Roof Snow or Live Load: _____ Frost Line Depth: _____

Seismic Category: _____ Occupancy Category: _____

Pricing: Typical for all 2" x 2" and 2" x 3" structures. For Contractor Series 2" x 4" structures, ADD \$100 to Total Cost below.

Engineering Package: (One package includes three 8½" x 11" sets)

Additional Costs:

Stamped Drawings With Calculations for CA, HI, IL, & NV: \$300 _____

Custom Foundation: \$50 _____

Stamped Drawings With Calculations all other states: \$250 _____
